

Statement from the Mayor of Beggs

Message to the Citizens of Beggs

To the citizens of the community of Beggs,

Regret for Recent Comments

I sincerely regret the comments that were made regarding the current water leaks, as mentioned in the most recent Alert that was posted. As your Mayor, I want to assure you that I have taken steps to ensure that such an incident does not occur again. The comments made were highly unprofessional, and I recognize the importance of maintaining respectful and constructive communication with our community.

Understanding the Water Department's Efforts

At the same time, I want to acknowledge the challenges faced by our water department. These dedicated individuals work tirelessly, putting in countless hours to repair and maintain a water system that is both aging and in need of significant upgrades. Their commitment to keeping our infrastructure functioning deserves recognition, and I appreciate their ongoing efforts under difficult circumstances.

Plans for Addressing Water System Issues

While I am unable to share all the details of our ongoing efforts at this moment, I want you to know that we are actively working on plans to address these critical issues. In order to keep the community informed and involved, I am planning to hold a Town Hall meeting, which will be announced soon. I encourage all citizens to attend, as we will discuss the current plans and outline the steps we are taking to resolve these concerns.

Actions Taken Concerning the Alert Remarks

Regarding the inappropriate remarks made in the Alert, I have taken disciplinary action and have reprimanded the current head of the Department of the BPWA. As a result, he has offered a letter of resignation. Despite this, the remaining crew members of the BPWA will continue to work diligently to repair and maintain our water system to the best of their abilities.

Sincerely,

Your Mayor,
